

Air Runners® *Black Magic*®

Black Magic® Air Runners® are strong, lightweight blocks with extremely free-rolling sheaves. Blocks feature Torton® roller bearings in a center cage for strength. Sideload bearing strips dampen rig vibration.

Integrated sideplate bails and recessed cotter key help produce a smooth design that won't snag lifelines.

Heads are offered with parallel/perpendicular shackles. Tangs attach turnbuckles, toggles, and other fittings. No tools required for installation.

Foam padded Block Socks easily install over Air Runners® to protect your blocks, deck, and crew.

Cotter key protected in sculpted detent

Quiet—sideload bearing strips dampen rig vibrations

Caged roller bearings for high-load efficiency

Clean, smooth design won't snag lifelines
